| <p style="text-align: center;">Formule chimique Aspect : limpide - incolore Odeur : irritante Masse volumique</p> <p style="text-align: center;">Analyse chimique type Acide fluorhydrique (HF) Acide fluosilicique (H₂SiF₆) Fer (Fe) Sulfates (SO₄) Chlorures (Cl) Extrait sec</p> <p style="text-align: center;">N° de tarif douanier CODE ONU</p> <p>Etiquetage : - Route : 8 et 6.1 - Risques industriels : T+ et C</p> <p style="text-align: center;">Conditionnement Fût en polyéthylène Fût métallique doublé PE</p> <p style="text-align: center;">Conseils de stockage Les récipients seront étiquetés et maintenus fermés, conservés dans un endroit bien ventilé, frais et sec, à l'écart de tout danger d'inflammation et de matières susceptibles de réagir Après vidange les bouchons doivent être remis en place avec leurs joints et correctement serrés. Durée de stockage: nous conseillons de ne pas dépasser une année</p> <p style="text-align: center;">Protection individuelle Un vêtement anti-acide est indispensable, ainsi que le port de bottes, gants et lunettes. Effectuer les manipulations avec un masque ou sous forte ventilation. Le port d'un écran facial ou d'un appareil respiratoire peut être nécessaire suivant les conditions de travail.</p> | <p>HF</p> <p>1,258</p> <p>70 % min – 73 % max 0,005 % max. 0,002 % max. 0,002 % max. 0,002 % max. 0,002 % max. 0,0030 % max.</p> <p>2811.1100 1790</p> <p>30 l. (35 kg) 205 l (235 kg)</p> | <p>Chemical formula Appearance : limpid - Colourless Smell : irritating Specific gravity</p> <p>Typical chemical analysis Hydrofluoric acid (HF) Fluorosilicic acid (H₂SiF₆) Iron (Fe) Sulphates (SO₄) Chlorides (Cl) Dry extract</p> <p>Customs tariff N° UN CODE</p> <p>Labelling : - Road : 8 and 6.1 - Industrial hazards: T+ and C</p> <p>Packaging Polyethylene drum Polylined steel drum</p> <p>Storage conditions The containers must be labelled, stored upright and kept tightly closed. The store should be cool, shaded and away from sources of heat and incompatible products. Good ventilation is essential All part used or empty packages should be tightly closed and returned to store after use. Storage lenght of time : we advise you not to store over one year.</p> <p>Personal protection Clothing and equipment giving body, eye, foot and hand protection should always be worn. Depending on working system, additional protection such as face visor or respiratory equipment may be necessary</p> |
